About Head On

900 Artists 150 Events 100 Venues

Australia's largest photography festival returns to Sydney 12 May-8 June 2014 for its fifth year. This year's festival, proudly presented by Olympus, showcases the work of emerging and established artists from across the globe.

Diverse, inspiring and powerful - Head On Photo Festival shows the best of photojournalism, landscape and fine art genres whilst also embracing photographic technology, exhibiting multimedia and mobile phone photography.

Keeping with its original inclusive philosophy, festival exhibitions can be found in galleries, public spaces, libraries, cafes and more. Always expanding, the 2014 festival extends beyond Sydney to regional NSW and interstate. Also, for the first time the Head On Portrait Prize will travel to Auckland, New York and China.

A testament to Head On's global status, international guests and presenters this year include Benjamin Lowy (Getty), Chris Rainier (National Geographic) and James Dooley (Alexia Foundation) from the US along with Erika Diettes (Colombia), Johan Willner (Sweden) and Pierre Dalpé (Canada).

The Festival is presented by Head On Foundation Ltd, a not-for-profit organisation dedicated to promoting photography, practitioners and excellence in visual communication through this art form.
